

Cryptic crosswords at U3A

The Gloucester District U3A Cryptic Crazies recently had their first meeting for 2014. The members join together once a fortnight to help each other complete cryptic crosswords. Some have been doing cryptics for years, while others were complete beginners when they joined the group.

There was a lot of concentration and a lot of laughs involved as the members worked their way through four crosswords, each one a bit harder than the one before.

For more information about U3A and the variety of courses on offer, visit the website www.gloucester.u3anet.org.au.
